6 previously published hotwife stories 81 000 words look inside i stalked along the side of the house pressing close to the siding to avoid snagging branches from the thorny rosebush growing there i carefully navigated the blue milk crate held out in front of me without bumping it against the house our bedroom window was halfway down the wall and the bottom of it was a foot above the top of my head i could see ahead that the curtain was not all the way closed the lighting was not the bright ceiling flood but the dimmer yellow lamp of our bedside table i also noticed the window was an inch open with a stick propping it up from under the edge our charming old heritage fixer upper i d been fixer uppering it for the better part of a year and i knew every creak and gap in it i could hear soft music from inside one of her favorites all remaining doubts about what was going on inside though were exploded when i heard her distinctive laughter i sank my shoulders against the outside wall of my own house against the paint job i had recently finished on it and my feet slid into the shrubs i planted as i listened to her low murmur punctuated by her high pitch laugh through the window i replaced that i had last month made so it could open again i closed my eyes below the window ledge it was the tone and pacing of intimacy between two lovers and not the affectations of two strangers on a one night stand they were easy with each other relaxed familiar as long as they kept talking and laughing in low close together tones i leaned on the wall outside with my eyes closed listening i couldn t make out enough words to know what was being said it didn t matter it was unmistakably the talk of lovers they

weren t conveying information they were expressing emotions and i understood enough of the meaning by the chuckling and the cooing i was transfixed by it frozen to the wall like a gnarly dead vine but when the talking and laughing stopped my mind launched into orbit the pounding silence was punctuated with the occasional squeals of my wife and her muffled shrieks the further apart these grew the more my head spun and my heart pounded i remembered the milk crate my throat ran dry and my hands shook when i realized what i was about to do what i could not stop myself from doing i dropped my mouth open wide as though that helped me move carefully i positioned the crate below the window like i was placing a bomb and froze when i heard more laughter above my head when it stopped long enough to assure me they were busy again and to rip me apart with the images in my head of what that meant i lifted my feet onto the crate crouching like a toad i raised myself as slow as a plant growing i paused when the top of my head touched the bottom of the windowsill i thought i could hear breathing but it could have been breeze i thought i could hear movement but it could have been leaves if either of them happened to be looking at the window when i raised myself the last couple of inches not only would i be busted but they would be busted too and they would know it she would know that i know me seeing something i didn t want to see was one thing she seeing me see something would bring the issue to the table i might have been wound up tighter than a winch but a part of my mind stayed in cool calculating mode i would lose a certain advantage if she knew i knew everything going forward depended on me seeing without being seen since it was already happening i wrapped the tips of my fingers around the edge of the sill quiet as curling smoke my legs shook from being held too long in a half squat i turned my face to stare at the wall an inch away so that when i pressed up i d already be facing the right way i rose like the morning sun
