Aronowitz James Freeman Clarke Anthony Milton John Adair James Freeman Clarke Frank Ballard John Harrington Edwards William Law James Freeman Clarke Benjamin Breckinridge Warfield Joseph Blanco White

in this volume jason radcliff offers an introduction critical appreciation and constructive extension of the orthodox reformed theological dialogue spearheaded by thomas f torrance in the late 1980s and early 1990s focusing upon the greek patristic

foundations of the dialogue as seen particularly in the shared rapport between torrance and archbishop methodios foyas as well as the monumental theological outcome of the dialogue the agreed statement on the holy trinity a document that claims to cut behind the issue of the filioque this book also highlights some of the notable conversations that went on behind the scenes of the dialogue as seen in the photos the unpublished official minutes and correspondence between torrance and other major figures namely george dragas methodios foyas and the patriarch of constantinople himself about such topics such as the athanasian doctrine of the trinity barthian christocentrism and john zizioulas existentialism the book includes selections from unpublished minutes and photographs as well as out of print documents such as torrance s memoranda on orthodox reformed relations and common reflection as well as the agreed statement on the holy trinity radcliff argues that the dialogue s ecumenical use and creative interpretation of the trinitarian and christocentric theology of the greek fathers is profoundly relevant for contemporary trinitarian theology

at the sixtieth anniversary of *sacrosanctum concilium* the situation on the ground for catholics is more chaotic than ever a liturgical reform meant to usher in a new age of full churches and ecumenical rapprochement delivered neither instead churches are emptying and closing at an unprecedented rate meanwhile an ancient old rite grown to maturity in the middle ages encrusted with baroque pearls and officially pronounced dead in the 1960s has made an astonishing return around the world tolerated by paul vi permitted worldwide by john paul ii declared free for everyone by benedict xvi and most recently put under ban once more by francis the tridentine mass remains a powerful and polarizing reality in the church of rome an ark of holiness and beauty to the priests and faithful who love it a belligerent backwardism to those who seek its abolition in this state of spiritual civil war questions of authority and obedience are never far from anyone s mind bound by truth grapples with the momentous issues of authority obedience tradition and the common good part i papacy patrimony and piety addresses the teaching of vatican i on the pope s universal jurisdiction the limits of his authority in light of other authoritative principles such as liturgical tradition and local custom the properly catholic way to interpret and follow the magisterium and the virtue of intelligent god fearing and communally perfective obedience versus its vicious distortions willful rebelliousness on the one hand and a blind thoughtless self destructive submissiveness on the other part ii faithful resistance looks at historical examples of prelates who legitimately pushed back against papal overreach discusses how clergy should navigate unjust episcopal decrees on private masses concelebration the use of the *rituale romanum* etc shares advice and strategies for laity who seek to promote and defend tradition in their dioceses and draws inspiration from persecuted religious sisters whether their tormentors were soviet communists or apparatchiks of the postconciliar ecclesiastical bureaucracy peter kwasniewski is a sane and learned voice crying out from within a catholic church which in its earthly visible aspect seems to have lost its mind

sebastian morello examines the difficult topics of authority and obedience with forthrightness and a willingness to engage even the most controversial debates a timely guide to how catholics might respond when truth and tradition are under attack by those who should be their foremost defenders eric sammons as with his earlier books so here kwasniewski emerges as an apostle of tradition and a paladin of the ancient roman rite a book to be treasured michael sirilla both summarizes the author's recent thought and serves as a guide and resource for beleaguered faithful theoretically challenging and eminently useful stuart chessman critiques the latest and historically worst abandonment of our grip on the cord that ties us through tradition to the word incarnate and indicates the paths along which health and sanity will be recovered john c rao offered with his usual mixture of scholarship and wit kwasniewski's analysis is primarily and accurately applied to the situation in the church but the principles he explores in this book also admit of far wider application charles a coulombe this thoroughly researched and cogently argued book could not have been published at a better time brian m mccall

the oxford history of anglicanism is a major new and unprecedented international study of the identity and historical influence of one of the world's largest versions of christianity this global study of anglicanism from the sixteenth century looks at how was anglican identity constructed and contested at various periods since the sixteenth century and what was its historical influence during the past six centuries it explores not just the ecclesiastical and theological aspects of global anglicanism but also the political social economic and cultural influences of this form of christianity that has been historically significant in western culture and a burgeoning force in non western societies today the chapters are written by international experts in their various historical fields which includes the most recent research in their areas as well as original research the series forms an invaluable reference for both scholars and interested non specialists volume two of the oxford history of anglicanism explores the period between 1662 and 1829 when its defining features were arguably its establishment status which gave the church of england a political and social position greater than before or since the contributors explore the consequences for the anglican church of its establishment position and the effects of being the established church of an emerging global power the volume examines the ways in which the anglican church engaged with evangelicalism and the enlightenment outlines the constitutional position and main challenges and opportunities facing the church considers the anglican church in the regions and parts of the growing british empire and includes a number of thematic chapters assessing continuity and change

the book contains groundbreaking and immersive essays on crucial 20th century scholars on social theory discussed and analyzed from a radical critical theory perspective aronowitz provides his unique and lauded critical eye toward the leading thinkers of our age crafting an immersive set of essays on radical thought
