since china adopted its open door policy in 1978 which altered its development strategy from self sufficiency to active participation in the world market its goal has remained unchanged to assist the readjustment of china s economy to coordinate its modernization programs and to improve its quality of life with the 1997 launch of the going global policy an outward focus regarding foreign investment was added to circumvent trade barriers and improve the competitiveness of chinese firms in order to accommodate inward and outward investment china s participation in the international investment regime has underpinned its efforts to join multilateral investment related legal instruments and conclude international investment agreements this collection compiled by award winning scholar professor julien chaisse explores the three distinct tracks of china s investment policy and strategy bilateral agreements including those with the us and the eu regional agreements including the free trade area of the asia pacific and global initiatives spear headed by china s presidency of the g20 and its belt and road initiative the book s overarching topic is whether these three tracks compete with each other or whether they complement one another a question of profound importance for the country s political and economic future and world investment governance

this excellent introductory book tailor made for executives practitioners and professionals who want to understand the tax system of china aims to provide a comprehensive explanation and analysis covering the latest changes in china s tax system

includes beginning sept 15 1954 and on the 15th of each month sept may a special section school library journal issn 0000 0035 called junior libraries 1954 may 1961 also issued separately

a fortnightly bulletin on financial and political trends

this volume investigates the options for britain ii project which focuses on some of the most

prominent challenges for uk policy makers concentrating on those that cut across several policy areas and identifies what policy makers can do to address these challenges

this volume is a follow up to its highly influential predecessor options for britain which in 1995 brought together a leading group of academics and policy experts to assess the key economic social and constitutional policy options for britain a decade on and the british political world is very different much of the analysis in options for britain has become accepted wisdom and many of the policy proposals have become reality however there is also a sense of *déjà vu* the labour government has been in power for a decade and governments find it difficult to refresh themselves in power as the legacy of their own decisions build up it is in these historical moments that outside thinking such as that embodied within options for a new britain can have a decisive influence helping to inform the public and key commentators and to provide a source of ideas and inspiration leading policy experts examine what has happened over the last decade across a broad range of key policy areas what are the current challenges and what options might an incoming government regardless of political persuasion have to address them
